

## **Lundin Gold Announces Approval and Registration of Swedish Prospectus for US\$400 Million Private Placement**

VANCOUVER, British Columbia, March 19, 2018 (GLOBE NEWSWIRE) -- **Lundin Gold Inc.** ("Lundin Gold" or the "Company") (TSX:LUG) (Nasdaq Stockholm:LUG) is pleased to announce that it has obtained the approval of and registration with the Swedish Financial Supervisory Authority (the "FSA") of a listing prospectus (the "Swedish Prospectus") for 93,497,140 common shares under the private placement announced on February 25, 2018 (the "Private Placement"). The Swedish Prospectus has been prepared for the admission to trading of up to 93,497,140 common shares on Nasdaq Stockholm and has been published on the Company's website at [www.lundingold.com](http://www.lundingold.com) and can be obtained from the Company upon request. The FSA's approval and registration of the Swedish Prospectus and its subsequent publication on the Company's website satisfies one of the closing conditions for the Private Placement.

The closing of the Private Placement and the listing on the Toronto Stock Exchange of common shares issuable under the Private Placement is expected to occur on or about March 26, 2018.

### **About Lundin Gold**

Lundin Gold, headquartered in Vancouver, Canada, is developing its wholly-owned Fruta del Norte gold project in southeast Ecuador. Fruta del Norte is one of the largest, highest-grade gold projects currently under construction. The Company's board and management team have extensive expertise in mine construction and operations, and are dedicated to advancing this project through to first gold production in 2019.

The Company operates with transparency and in accordance with international best practices. Lundin Gold is committed to delivering value to its shareholders, while simultaneously providing economic and social benefits to impacted communities, fostering a healthy and safe workplace and minimizing the environmental impact. The Company believes that the value created through the development of Fruta del Norte will benefit its shareholders, the Government and the people of Ecuador.

### ***Caution Regarding Forward-Looking Information and Statements***

Certain of the information and statements in this press release are considered "forward-looking information" or "forward-looking statements" as those terms are defined under Canadian securities laws (collectively referred to as "forward-looking statements"). Any statements that express or involve discussions with respect to predictions, expectations, beliefs, plans, projections, objectives, assumptions or future events or performance (often, but not always, identified by words or phrases such as "believes", "anticipates", "expects", "is expected", "scheduled", "estimates", "pending", "intends", "plans", "forecasts", "targets", or "hopes", or variations of such words and phrases or statements that certain actions, events or results "may", "could", "would", "will", "should", "might", "will be taken", or "occur" and similar expressions) are not statements of historical fact and may be forward-looking statements.

By their nature, forward-looking statements and information involve assumptions, inherent risks and

uncertainties, many of which are difficult to predict, and are usually beyond the control of management, that could cause actual results to be materially different from those expressed by these forward-looking statements and information. Lundin Gold believes that the expectations reflected in this forward-looking information are reasonable, but no assurance can be given that these expectations will prove to be correct. Forward-looking information should not be unduly relied upon. This information speaks only as of the date of this press release, and the Company will not necessarily update this information, unless required to do so by securities laws.

This press release contains forward-looking information in a number of places, such as in statements pertaining to: the timing of closing of the Private Placement, the expected timing of trading of the common shares, and first gold production. Lundin Gold's actual results could differ materially from those anticipated. Management has identified the following risk factors which could have a material impact on the Company or the trading price of its shares: the ability to arrange financing and the risk to shareholders of dilution from future equity financings; the ability to maintain its obligations under the Financing and other debt; risks related to carrying on business in Ecuador; volatility in the price of gold; the timely receipt of regulatory approvals, permits and licenses; risks associated with the performance of the Company's contractors; risks inherent in the development of an underground mine; deficient or vulnerable title to mining concessions and surface rights; shortages of critical resources, labour and key executive personnel, such as input commodities, equipment and skilled labour, and the dependence on key personnel; risks associated with the Company's community relationships; unreliable infrastructure; volatility in the market price of the Company's shares; uncertainty with the tax regime in Ecuador; measures required to protect endangered species; the cost of compliance or failure to comply with applicable laws; exploration and development risks; the accuracy of the Mineral Reserve and Resource estimates for the Fruta del Norte Project and the Company's reliance on one project; risks related to artisanal and illegal mining; uncertainty as to reclamation and decommissioning; risks associated with the Company's information systems; competition in the mining industry; the ability to obtain adequate insurance; risks of bribery or corruption; the potential for litigation; limits of disclosure and internal controls; and the potential influence of the Company's largest shareholders.

There can be no assurance that such statements will prove to be accurate, as Lundin Gold's actual results and future events could differ materially from those anticipated in this forward-looking information as a result of the factors discussed under the heading "Risk Factors" in Lundin Gold's Management Discussion & Analysis for the financial year ended December 2017, which is available on SEDAR at [www.sedar.com](http://www.sedar.com).
