

Lundin Gold Declares Quarterly Dividends of US\$1.15 per Share

VANCOUVER, BC, Feb. 19, 2026 /CNW/ - **Lundin Gold Inc.** (TSX: LUG) (Nasdaq Stockholm: LUG) (OTCQX: LUGDF) ("**Lundin Gold**" or the "**Company**") is pleased to announce that its Board of Directors has declared quarterly cash dividends of US\$1.15 per common share (the "Quarterly Dividends"), comprised of the fixed dividend of US\$0.30 per share and the variable dividend of US\$0.85 per share. The dividends will be payable on March 26, 2026 (March 31, 2026 for shares trading on Nasdaq Stockholm) to shareholders of record at the close of business on March 11, 2026 (the "Quarterly Record Date"). This dividend qualifies as an "eligible dividend" for Canadian income tax purposes. [PDF version](#)

Jamie Beck, President and CEO commented, "The quarterly dividend of US\$1.15 per share reflects another period of strong performance and cash flow generation at Fruta del Norte and is based on returning 100% of our normalized free cash flow, after payment of the fixed dividend, to our shareholders. Driven by the significant free cash flow¹ of US\$926 million generated in 2025, we have declared approximately US\$871 million in total dividends. Our ability to consistently return capital to shareholders is driven by the exceptional margins and consistency of this asset.

With another substantial dividend this quarter, we continue to demonstrate the quality of FDN and our commitment to delivering meaningful returns to shareholders while advancing a growing pipeline of high value opportunities."

Quarterly Dividends payable on March 26, 2026 (March 31, 2026 for shares trading on Nasdaq Stockholm)

	U.S. dollars per share	Approximate total in US\$m
Fixed dividend	0.30	73
Variable dividend	0.85	205
Total Quarterly dividends	1.15	278

Based on today's closing price of the Company's common shares on the TSX of CAD\$109.00, the Quarterly Dividends totaling US\$1.15 per common share represent an estimated annual yield of approximately 5.8%².

¹ Certain additional disclosures for these specified non-IFRS measures have been incorporated by reference and can be found on page 13 of the Company's MD&A for the three months ended September 30, 2025 available on SEDAR+.

² Estimated yield assumes four quarterly dividends of US\$1.15 per common share and has been calculated using today's CAD\$ to US\$ exchange rate of 1.3696 as provided by the Bank of Canada.

The variable dividend for the fourth quarter of 2025 was calculated as follows:

<i>Amounts expressed in thousands of U.S. dollars, except share and per share amounts</i>	
Free cash flow ¹	328,197
2026 partial tax payment of \$50.6m pro-rated across Q3 and Q4	(25,300)
2025 annual payments of \$95.3m pro-rated quarterly	(23,835)
Fixed Dividends paid	(72,422)
Normalized free cash flow	206,640
100% of normalized free cash flow paid as variable dividend	206,640
Shares outstanding as of February 19, 2026	241,715,318
Variable dividend per share	0.85

Subject to the continued discretion of the Board of Directors, the variable dividend will be equal to an amount per share based on at least 50% of the Company's normalized free cash flow during the preceding quarter, less the fixed dividend paid during such period. The Company will determine its normalized free cash flow each quarter by removing significant non-recurring items from its free cash flow¹ calculation. For the variable dividend declared on account of the 2025 financial year, this normalization includes annual payments which were paid in April of income taxes and profit sharing, together equaling US\$95.3 million, which amount was apportioned across each financial quarter in 2025 at a rate of US\$23.8 million. In addition, during the third quarter of 2025, the Company remitted US\$50.6 million to the Government of Ecuador as a partial payment against its annual income taxes due in April 2026. To better normalize free cash flow, this payment was allocated evenly between the third and fourth quarters of 2025.

The Quarterly Dividends for common shares trading on the TSX and the OTCQX will be paid in Canadian dollars on March 26, 2026 based on the prevailing exchange rate at the Quarterly Record Date. The Quarterly Dividends for shares trading on Nasdaq Stockholm will be paid on March 31, 2026 in Swedish kronor (SEK) in accordance with Euroclear principles to shareholders of record at the close of business on the Quarterly Record Date. To execute the payment of the Quarterly Dividends, a temporary administrative cross-border transfer closure will be applied by Euroclear from Monday, March 9, 2026 to Wednesday, March 11, 2026 during which period shares of the Company cannot be transferred between TSX and Nasdaq Stockholm.

Payments to shareholders who are not residents of Canada will be net of any Canadian withholding taxes that may be applicable. For further details, please visit: www.lundingold.com/investors/dividends.
